## Introducing New AmeriSize™ Commercial Sizing Program

We are pleased to announce the American AmeriSize commercial water heating sizing program. The new program is available now at [www.americanwaterheater.com](http://www.americanwaterheater.com) and provides you with the very latest in commercial water heater sizing.

Key features of AmeriSize include:

- Online access for quick sizing. No longer requires a program download.
- Contains the latest commercial water heaters offer by American
- Sixteen application types to choose from
- User supplied demand option for quick sizing
- Payback calculator demonstrating high efficiency payback
- More options for customized fixture flow rates
- PDF file selection report allows for printing and saving jobs
- Links to the latest updated specification documents

AmeriSize is a powerful tool in selling more commercial water heaters. Please test drive this industry leading program today and begin using it for all your sizing needs.

Regards,

Matt Schulz  
Commercial Product Manager
